

RULE 303 ANALYSIS FEES
(Revised 1/11/94)

Whenever the Air Pollution Control Officer finds that an analysis of the emission from any source is necessary to determine the type and amount of pollutants being discharged into the atmosphere which cannot be determined by visual observation, he may order the collection of samples and an analysis made by qualified personnel of the Air Pollution Control District. The time required for collecting samples, making the analysis, preparing the necessary reports, but excluding time required in going to and from such premises, may be charged against the owner or operator of said premises in a reasonable sum to be determined by the Air Pollution Control Officer, which sum is not to exceed the actual cost of such work.
